

Birth Injury

**The Mother Couldn't
Help It
The Obstetrician Couldn't
Help It
The Chiropractor Wasn't
Allowed to**

Should a chiropractor be present at all births? A spinal check-up should at least be recommended within the first weeks of life. And surely the medical & chiropractic professions should be working together to help children and parents?

Get your newborn to a chiropractor. One day your child may thank you for it.*
